

**The Essential Building Product Review
April 2010**

Paul Clegg
Chief Executive Officer
Accsys Technologies
PLC

Unveiling the world's first Medite Tricoya® panel and the green credentials of Accoya® wood at Ecobuild has reinforced Accsys Technologies PLC's credentials as the world's leading wood technology company. The independent confirmation that Accoya® wood is one of the leading natural, sustainable and completely non-toxic building materials continues the product's success story.
