

HSE POLICY

Health, Safety and Environment

Accsys' goal is to ensure no harm to people, society, and the environment.

Our vision:

We strive for:

- Zero harm
- Zero incidents
- Zero environmental pollution incidents
- Continuous improvements
- Economic and environmental sustainability in everything we do

Our principles:

Our priorities:

- The health and safety of our colleagues, customers, business partners and local communities are our utmost priority.
- All people working at/with Accsys shall take personal ownership for HSE through their visible acts of leadership and accountability.
- HSE principles shall be reflected in 100% of our behaviours, 100% of the time.
- Everyone shall Think Safe & Act Safe always.

Our commitment:

We are committed to encouraging the behaviours that will develop our HSE culture by:

- Working together to prevent work related incidents, injuries, and illness.
- Learning from our successes, observations and any incidents, and sharing the lessons.
- Providing an environment where people can discuss safety openly and transparently, challenging each other and speaking up when they feel safety standards can be improved.
- Ensuring compliance with all legal, regulatory, and corporate requirements.
- Designing, constructing, and operating our facilities in a safe, secure, efficient, and environmentally responsible way.
- Developing the correct skills, knowledge and behaviours to work safely and always make the correct safe decisions.
- Setting clear and challenging targets, and measuring HSE performance.
- Proactively managing risks associated with our business and activities.

Accsys and its leadership are fully committed to the implementation of this HSE policy.

Robert Harris,
Chief Executive Officer

London, Jan 2022 // Group Level, Version 2.0

THINK SAFE ACT SAFE!
